VOLUME 10 — MARYVILLE, MISSOURI TUESDAY, JULY 8, 1919 — NO. 25

$2198.99 BALANCE IN REVENUE FUND

FIRST REPORT MADE OF FINANCES UNDER NEW GOVERNMENT

A BALANCE IN EVERY FUND

$1,665.88 in Water Department Fund and $752.10 in Street Fund—Report for the Quarter.

The receipts and expenditures of the first quarter of the City of Maryville under the commission form of government shows a total balance on hand July 2, of $2,198.99 in the general revenue fund. The expenditures during the quarter were $1,534.04. This is a good report and shows what can be accomplished under the new form of government. During the past two years or so under the old form of government, the general revenue fund of the city has been generally overdrawn every month.

The balance on hand in the street fund is $752.10. There was also a balance of $386.42 on hand in the library fund. There is $585.83 balance on hand in water bond sinking fund and $2,920.18 in the water bond interest fund. In the street lighting fund there was a balance of $1,350.25 on hand July 2.

The water department shows a balance of $1,665.88 on hand July 2. The receipts for the quarter were $5,089.47 and the expenditures were $3,423.59.

Following is the complete report of the receipts and expenditures for the quarter ending July 2::

"CHILDREN'S DAY" TO FEATURE COMING FAIR

Special Attractions for School Children Saturday, July 16.—Prizes Offered in Shorthorn Exhibit.

One of the features of the coming Maryville F[air] which is to be held in this city [Jul]y 11-16, will be the Children's [Day] will be held Saturday, th[e] the fair.

All of the s[chools] n below the Eighth grade w[ill] ttend the Fair, will gathe[r] court house square at 10 a. m. o[n] e morning of the sixteenth, where they will be presented with free admission tickets to the grounds by County Superintendent of Schools Bert Cooper. They will then march in a body to the Fair where a large number of feature attractions will be offered them without cost.

Judge Haney, head of the Fair Association, announced this morning that the complete catalogue of the events which are to take place during the week will be ready for distribution by tomorrow morning.

One of the important phases of the Fair will be the live stock exhibits, and contests. The National Shorthorn Breeders Associationhas offered $25 for the best bull of this breed entered in the show, and also for the best cow and calf. The Fair Association has matched this with a similar amount, making the prize offered total $50. Other cattle and hog breeders associations are expected to make prize offers soon.

A carload of horses which will compete in the races at the Fair will arrive in Maryville tomorrow.

A BIG GRAY WOLF IS KILLED

Ora Petty Shoots Wolf Yesterday Evening While It Eats a Guinea.

Ora Petty, living near Arkoe, killed a large, full grown grey wolf yesterday evening. Mr. Petty was passing by a pasture on Henry Hiter's farm about dusk yesterday when he saw a wolf leap out from the shadows and catch a guinea and begin to feed upon it. He immediately went home and secured a shotgun and returned to the pasture where the wolf was still eating upon the guinea and shot it. This is the first wolf that has been killed in that vicinity for some time.

DOCTORS DEMAND SHORTER HOURS AND HIGHER FEES.

Evansville, Ind., July 8.—Higher fees and shorter hours are wanted by the doctors of Evansville. The Vanderburg County Medical Association has appointed a committee to revise the schedule of fees, with a provision for a working day of eight hours.

"LONG JOURNEY" IS TO JAIL.

Kansas City, Mo., —uly 8.—"Mister, you're going on a long, long journey, said Allie Rico, a fortune teller to Detective Harry Arthur.

"I want company, come with me to police headquarters," Arthur told Allie.

In police court Allie was fined $200 and costs. She was given a stay on condition she close up her establishment.

TAGS FOR SPEEDERS

El Dorado, Kan., July 8.—To carry a tag marked "violator's tag," is the penalty imposed upon automobile drivers and owners who violate city ordinances providing for the regulation of traffic on the city streets and who are convicted in the local courts.

Employed in Omaha.

George Lorance Tool, a son of Mr. and Mrs. George Tool of St. Joseph, former Maryville folks, has recently been employed as assistant superintendent of construction for the Brandeis Investment company of Omaha. Young Tool was a second lieutenant in the army and has recently been released from a two years' term of military service.

GREEK REINFORCEMENTS BEING RUSHED TO TURKEY.

Athens, July 8. Greek reinforcements are being rushed to Turkey today, following an attempt by the Turkish troops to occupy Aden, eighty miles southwest of Smyrna.

BELA KUN DEMANDS RETURN OF MONITORS.

Vienna, July 8.—Bela Kun, Hungarian Red dictator, demands that Sernis return the monitors which the counter revolutionaries took into Serbian waters when the counter uprisings at Budapest failed.

Miss Norabelle Birt and Gerald Clarke of Clarksdale, Mo., are guests of Miss Helen Blagg, southwest of Maryville.

COMMERCIAL CLUB HAS 200 MEMBERS

TWO CENTURY MARK REACHED AT MEETING LAST NIGHT

PICKENS IS THE LEADER

No Campaign or Drive Used to Raise Membership; Growth Due to Natural Interest.

The Maryville Commercial Club now has 200 members. The two century mark was reached last night at the regular directors meeting when four membership applications were received and favorably voted into the Club.

The high membership mark which the Commercial Club has reached has not been the result of any definite campaign or drive, but has been entirely due to the interest which the people of Maryville and community have come to take in their city and county. Secretary George A. Pickens has given untiring efforts to the building up of the local organization and through his policies of co-operation and union for the betterment of the community is largely responsible for the rapid growth which the Club has enjoyed.

The Commercial Club numbers among its membership not only a percentage of the business men of this city but also many farmers and workers in other lines. The organization has as its purpose the sponsering of all projects and plans for the betterment and advertisement of Nodaway county and the city of Maryville.

ROME IS QUIET AGAIN

Arrest Anarchists Who Plotted to Establish a reign of Terror Thru Use of Explosives.

Rome, July 8.—This city is quiet following the arrest of the anarchists who were plotting to sieze public supplies and establish a reign of terror among the population by the use of explosives. The police raided the meeting, making ten arrests.

HUN PREMIER RESTING UP.

Milan, July 8.—Philip Scheidemann, former premier of Germany, and leader of the German Socialists, has arrived at Brissago, Switzerland for a month's rest.

NORWAY WANTS SPITZBERGEN.

Paris, July 8.—The Norwegan government has laid a formal claim before the peace conference for the possession of Spitbbergen, it was learned today.

DENVER CAR STRIKE ON.

Denver, July 8.—All the street car traffic was tied up here this morning by the strike of the carmen who demand an increase in wages.

Colored Woman Dead.

Mrs. Loleda Cowens, colored, died at the home of her mother, Mrs. Clara Page, at noon today. Mrs. Cowens whose home is in Gallatin came here three months ago on a visit and shortly after her arrival became ill and has never been able to make the trip home.

Lieut. Eek Leaves

Lieut. L. M. Eek, who has been spending two weeks here at the home of Mrs. Eek's father, N. Sisson, left yesterday afternoon for Chicago. Mrs. Eek will join her husband in Chicago later.

To New York City.

Harvey L. Haines will leave Thursday for New York City, where he will spend a couple of weeks at the wholesale dry goods markets, purchasing new fall stock for the Haines store.

Returns to St. Joseph.

Miss Margaret Lee Winston, who has been employed at the Ashford millinery store, has returned to her home in St. Joseph.

Miss Beal to Colorado.

Miss Bertha Beal accompanied Mrs. J. F. Colby and her nephew, Joe Jackson, who left this morning for Manitou Colo., to spend two weeks.

Mr. and Mrs. F. L. Bradley and daughters, Mildred and Virginia of St. Joseph are spending the week with Mr. and Mrs. Charles Blagg, near Graham.

Miss Eva Farrar, after a few days' visit with her mother, Mrs. M. E. Farfar, returned yesterday to Omaha, where she has a position.

EXPERIMENTAL FIELDS AT S. T. C. BEST IN STATE

Prof. Helm of M. U., Makes Statement Following Investigation Here—Nodaway Soil Best, He Says.

The plots in the experiment fields at the State Teachers College are the best plots in any experiment field in the state. At least, that is what Prof. Helm of the Agricultural Experiment Station of the University of Missouri told Prof. L. E. Metzler, Head of the Department of Agriculture of the local college, when he was here investigating the progress of the local school in their agricultural work.

The University of Missouri maintains experiment stations at all the State Teachers Colleges, at the University, and on many private farms throughout the state and of them all the experimental plots at the local college were the best laid out, the best kept, and the most complete.

Prof. Helm when he was here made the remark that the wheat looked pretty good here, although the heads were not filled out very fully. He also stated that soil tests show the soil in Nodaway county to be about the best there is in old Mi[ssouri].

ADDITIONAL $1000 FOR CITY GOV'T

COUNTY CLERK'S OFFICE ESTIMATES MORE TAXES FOR CITY

HIGHER VALUATION CAUSE

A[ssessed] of Maryville $259,-[040] ast Year; All City [Fun]ds to Profit by Raise.

The general revenue fund of the city will receive about $1,000 more in taxes to be collected this year on account of the increase in the assessed valuation on real and personal property. This is an estimate as figured out by the officials in the county clerk's office. The assessed valuation of Maryville, not including merchants and railroad valuations, is $2,134,277 as compared to $1,875,237 for last year—an increase of $259,040. The city taxes will be about $3,200 more for all of the different funds. The city tax levy is 12½ mills on the dollar. The railroad and merchants taxes will also make additional revenues for the city, but their assessments have not been completed yet.

The Maryville school district will receive about $4,000 more this year, due to the increase in the valuation on the real and personal property.

The valuation of this school district on real and personal property is $2,-260,165 as compared to $1,975,878, an crease of $284,287.

This district will also receive about $500 more from the railroads, due to their assessment being increased, making a total of $4,500.

PATTONSBURG WILL HAVE BIG AUTO RACES JULY 9.

Champion Dirt Track Racers and Ruth Law to Be on the Speed Program.

The Pattonsburg Fair Association has announced a big speed program for Wednesday, July 9, starting at 3 o'clock. The program will include time trials for state and world records on the track. There will be ten events staged during the afternoon. These will include a Clark-Brainerd special match auto race for a purse of $1,500; the Victory Sweepstakes for $2,500; a match race between George Clark, champion dirt track racer and Ruth Law, world's greatest aviatrix.

The auto racers who are entered in the races are George Clark, Rowe Brainerd, Dick Seip, Ted Le Cocq, Carl Jobe, Lou Scheibell, Eldy Stone, Don Dempster, Ralph Ruttenburr, and Spike Kelly.

Colorado Visitors Leave.

Mr. and Mrs. R. H. Coulter of Fort Morgan, Colo., have been visiting in Maryville since Thursday with Mr. and Mrs. E. H. Bainum and Mr. and Mrs. Harry Harrison. They are enroute home from a motor trip in Iowa and will leave tomorrow morning, accompanied by Mr. and Mrs. Harrison and daughter, Katherine, and Miss Eva Sprecher, who will motor as far as Nebraska City, Neb., with them. Mrs. Coulter was formerly Mrs. Angie Fishback milliner in Maryville for ten years

Mrs. A. F. Smith of Tulsa, Okla., is visiting at the home of her parents, Rev. and Mrs. W. F. Burris.

NODAWAY EXHIBIT WAS THE LARGEST

OF VITALIZED AGRICULTURE DISPLAYS AT THE N. E. A.

MANY ADOPT THE COURSE

Miss Hettie Anthony's Sewing Frame the Center of Much Praise by Domestic Science Experts Rural Teachers.

County Superintendent Bert Cooper returned this morning from the annual meeting of the National Educational Association which concluded its work July 4 at Milwaukee. Mr. Cooper stopped en route home to visit some relatives in Chicago over Sunday.

Superintendent Cooper states that the vitalized agriculture exhibit of Nodaway county was the largest county exhibit at the Milwaukee convention and was the center of continued interest throughout the meeting. The Nodaway exhibit consisted of a collection of forty or fifty articles made in the various vitalized agriculture schools of the county. This collection was made up of articles of home carpentry, rope work, specimens of insects which infest the crops, seeds and examples of work completed in the sewing classes.

An automatic motion picture machine showed scenes taken from the vitalized agriculture schools of Missouri, displaying the many phases of the work. In these pictures the work done in the schools of our county made up the larger part of the display.

Before the Milwaukee convention four states had decided to institute vitalized agriculture courses in their schools, these states being Oklahoma, South Dakota, Texas and Arkansas. During the convention two other states fell into line with the other four, the two being Arizona and Kansas. Besides these states many county superintendents and rural teachers expressed their willingness to take up the work on their own iniative.

One of the features of the display of this department of study at the convention was the sewing frame, designed by Miss Hettie B. Anthony of the State Teachers College, which facilitates the class room demonstration in sewing by making it possible to instruct the entire class at one time instead of by individual example.

A short course in a teachers' training class in vitalized agriculture will be conducted by Prof. Holden at the State Teachers College here from July 28 to August 3. This work will cover an outline of the course from beginning to end, suggesting the improvements that have been made in the course recently and demonstrating the best methods for the working out of its various features.

The National Eduactional Association was in session from Monday, June 23 to Thursday July 4. The vitalized agricultural exhibit was on display from Saturday, June 28 to July 4. Nodaway county had, by far, the largest and most elaborate and complete exhibit of any county from any state in the agricultural department.

TREE MEMORIALS FOR WORLD WAR HEROES.

Omaha, Neb., July 8.—The most unique memorial grove in the United States is at Ft. Omaha, where the United States army has its balloon school. The trees, six thousand of them, were planted with proceeds from the "Gas Bag," the official publication of the school. The trees are being registered with the American Forestry Association of Washington, which is compiling a national honor roll of all memorial trees planted. The next of kin of those who died are marking the trees with the bronze markers designed by the association.

The school drew from all parts of the country and not only were trees planted, at the direction of Lieutenant-Colonel W.S. West, for those who died, but for those who are alive who passed through this camp and the one at Ft. Crook. There are 972 men on the list of dead, and it is these trees the next of kin are marking. Individuals are marking trees planted for the living.

STATE SENATE VOTES FOR CAPITAL PUNISHMENT

Jefferson City, July 8.—The senate today adopted the house amendment to the bill restoring capital punishment in Missouri and adjourned sine die.

ASK WILSON TO FURNISH COPY OF SECRET TREATY

Resolution Introduced in Senate by Senator Lodge—Alleged Secret Pact Between Germany and Japan.

Washington, July 8.—President Wilson was requested "if not incompatible with public interest" to furnish the senate with a copy of the alleged secret treaty between Germany and Japan, in resolution introduced in the senate by Senator Lodge.

WILSON ARRIVES BACK HOME TODAY

GIVEN A TUMULTOUS RECEPTION ON ARRIVAL IN NEW YORK

IS IN BEST OF HEALTH

President Obviously Touched by the Warm Welcome; City and Nation Honor First Citizen.

New York, July 8.—Fresh from his triumphant peace labors in Europe, President Wilson arrived home this afternoon. He was given a tumultous greeting and the city and nation joined in welcoming the country's first citizen. The president was obviously touched by the warm reception. Both the president and his wife are in the best of health.

New York, July 8.—Preceded by the Battleship Oklahoma, and convoyed by four destroyers, the transport George Washington is bringing the President home. It was reported eight miles east of the Ambrose lightship this morning.

The George Washington moved slowly up the lower bay toward quarantine, and was expected to reach there about 2 o'clock.

R-34 PREPAVING FOR RETURN TRIP TO BRITAIN

With Favorable Weather Monster Airship Will Leave Within Next Twelve Hours.

Mineola, July 8.—With favorable weather, the monster British dirigible R-34 will start on her homeward trip some time tonighth or early tomorrow morning.

Washington, July 8.—The navy department weather bureau this afternoon advised the commander of the British dirigible to delay his return for forty-eight hours on account of indications of head winds.

CONGRESS CONVENES TODAY AFTER A SIX DAY RECESS

Time Growing Short for Opponents to Wage Fight on League of Nations.

Washington, July 8.—Congress reconvened today after a six days' recess of both houses. With President Wilson scheduled to address the Senate Thursday, there remains but two days for the opponents of the League of Nations and of the pact to continue their verbal warfare which they have waged for the past two months.

R. P. Hosmer left Saturday for Chicago to join his wife and daughter, Margaret Louise, who have been visiting Mrs. Hosmer's sister, Mrs. Harold Bellows, and family. They expect to return to Maryville the latter part of the week.

Mr. and Mrs. W. W. Stiwalt and daughters, Annette and Audrey, returned last night from Waupaca, Wis., where they have been visiting relatives for several weeks.

Miss Doris Marie Goforth spent the week-end with friends in St. Joseph.

Mr. and Mrs. L. S. Hamilton returned yesterday from a week-end visit with relatives in Bedford, Ia.

REPORT BURLESON READY TO RESIGN

POASTMASTER GENERAL SAID TO HAVE PREPARED RESIGNATION

WONT CONFIRM OR DENY

Refuses to Grant Audience to Press Representatives; General Opinion That He Will Quit.

Washington, July 8.—Postmaster General Burleson refused today to either confirm or deny the report that his resignation would be placed in the hands of President Wilson when the latter arrives in Washington tonight. The Postmaster General himself denied press representatives an audience His refusal to deny the report led to the general belief in official circles here that his resignation has been prepared awaiting the President's return.

Burleson has been under incessant fire ever since the wire communication system of the country was taken over by the government and placed in the hands of the postoffice department.

The doorkeeper who acted as a "liason" officer between Burleson and callers stated that Burleson said there was no truth in the newspaper reports of his resignation.

REDS ATTACK A TROOP TRIAN

Several Killed at Hanover When Bolsheviks Battle With Home Coming Troops.

Amsterdam, July 8.—A few persons were killed and some wounded when the Reds attacked arriving government troop trains at Hanover, said a dispatch from that city. Fighting continued at the last reports. Several prisoners were released.

NEEDS PICTURES OF MISSOURI

State Board of Agriculture Will Use Photographs for Advertising.

Jefferson City, July 8—Jewell Mayes secretary of the Missouri State Board of Agriculture, is asking Missourians for photographs of all the better wheat fields, corn fields, blue grass pastures, meadows, ordchards, and every beauty spot that will show the resources of the state.

The agricultural secretary also appeals to all owners of live stock, calling attention to the advantage in a financial way resultant from the photographing of all the better types of farm animals.

Missourians can bring millions of dollars' worth of benefit to the state by showing pictures, by letters, by interviews and by publication in weekly papers, dailies, farm and market papers, and through magazine articles the true story of the unsold worth and current advantages of Missouri, "The Center State."

Secretary Mayes appeals to all county agents, secretaries of commercial clubs, and chambers of commerce, officers of farm clubs and other agricultural organizations, college and school workers, real estate agents, bank officials and all others interested in a better known Missouri for the fostering of a local and state-wide picture taking campaign during these summer days, and for the advantageous use of such photographs for the common good of Missouri, "The Land of Opportunity."

Chicago Visitors.

Mr. and Mrs. James Baird and children, Enid Maurine and James Claude, Jr., of Chicago, arrived yesterday to visit Mrs. Baird's parents, Mr. and Mrs. Lincoln Bent, and her sister, Mrs. A. J. Cauffield.

AERIAL MAIL SERVICE EXTENSION PROPOSED.

Cleveland-Chicago Service Successful —Non-Stop Possible.

Washington, D. C.—Airplane mail service between Cleveland and Chicago has proved so successful that its extension to St. Louis and Omaha in the fall is now planned. This would reduce correspondence time between the Atlantic and Pacific coasts from sixteen to twenty-four hours.

The service between Cleveland and Chicago has proved highly successful. Reports show that 58 consecutive trips of 325 miles each between Cleveland and Chicago have been made without engine trouble or forced landings. Some of them were in weather which a short while ago would have been regarded as prohibitive. Daily, each way, the ships carried 400 pounds of letter mail, or about 16,000 letters.

Even in bad weather, the planes, equipped with Liberty motors, maintained an average speed of 98.5 miles an hour.

The Cleveland-Chicago service has been the means of relieving railway mail congestion, as one distributing car each day has been cut from that division, at a saving of $25,000.

Delivery "on the Fly."

Experiments are now being conducted looking toward the delivery and taking on of mailbags while the planes are in flight. Not many years ago, it was regarded as a remarkable feat for a fast train to take on a mailbag without stopping or slowing down. But it is now possible for lightly loaded airplanes to come close to earth and snatch mailbags from especially constructed apparatus. But this will not be attempted with the large multi-motored ships for which the postal department will shortly ask bids. But a scheme is proposed for dropping mailbags and possibly taking them on from the roofs of tall buildings. If this proves practicable, it will be possible to have non-stop runs on such routes as that from Washington to New York, serving both Baltimore and Philadelphia.

Another important development is the construction of fireproof walls between the mail compartment and the engine and gas tank. This has practically eliminated danger of destruction of the mail by fire.

Here it is!

New York, July 8.—It's here!

With only a little more than a week of drought New York has found a way to beat the colas, the ades and the buttermilk.

It's the gasoline jag, or the benzine bun. And you can get four hundred of 'em—count 'em—for the price of one drink of redeye.

The great discovery has been made down in Greenwich Village, where the long-haired men and the short-haired women congregate, where free love is freest, and where 'ologies and 'isms lurk in every corner waiting to pounce upon the timid visitor.

The formula is: Twenty drops of benzine in a capsule. Swallow the pelle and wait for the wallop. It takes usually about twenty or thirty minutes. At the end of that time, if you haven't killed your grandmother, bitten the baby and kissed the cat, and if you're still not under arrest, take another. Then you will.

Doctors declare that the benzine is not harmful in small quantities, and produces the jaggeu effect by stimulating the action of the heart.

Ralph Yehle went to Big Lake today to join his parents, Mr. and Mrs. Conrad Yehle, and brothers, Carlos and Cleo, who have been spending a week there.

A marriage license has been issued in St. Joseph to Florence C. Porter of this city and Miss Hazella M. Florea of Hopkins.

HAS THANKSGIVING EVERY DAY.

"Two years ago, after suffering many years with stomach trouble, I took a course of Mayr's Wonderful Remedy and haven't been sick a day since. I can eat anything I want and have no pain at all. Three doctors had advised operation, but your remedy has cured me. Every day is thanksgiving for me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

CLEVELAND STRIKE ENDS.

Cleveland, July 8.—The second street car strike within seven months came to an end this morning, the motormen and conductors winning their demands for an hourly increase of twelve cents.

Rooster Acts as Prophet.

Chillicothe.—L. A. Martin, a farmer near here, has a rooster that is worth considerable as a prophet. Early in the spring the rooster tried to "sit" on a certain piece of corn land and, according to Martin, this was a sign there would be three floods. Martin refused to plant his corn at the usual time.

Sure enough, three floods came, and after they had passed Martin planted his corn. The other farmers, who planted at the regular time, lost their crops.

Buick

When Better Automobiles Are Built BUICK Will Build Them

FROM the first bubble of gasoline in the morning to the last drop at night, the economy of the Buick Valve-in-Head motor delivers a daily mileage of surprising value.

There is no question about it—the Valve-in-Head principle as designed in Buick construction is built to give an unusual mileage with assurance of continuance from the beginning to the ending of years of use.

And with economy molded together with Power—Quality and Value—makes the Buick Valve-in-Head a dependable car—as well as reliable.

Ask your local dealer to show you these advantages and you will become more throughly convinced that it is the car for which you have been seeking

Mrs. Brewer Hostess.

Mrs. Arthur A. Brewer was hostess yesterday afternoon to the Monday Afternoon Bridge Club. The favor for high score was awarded to Miss Lenore Schumacher. Mrs. W. A. Rickenbrode Mrs. T. L. Wadley, Miss Della Grems and Misses Lenore and Rose Schumacher were guests of the club.

Miss Fisher Weds.

Miss Cecle Inez Fisher, daughter of Mr. and Mrs. O. P. Fisher of this city, and Clarence H. Gore were married Saturday in St. Joseph. Mr. Gore is a traveling salesman with headquarters in St. Joseph, and the couple will reside in that city.

Entertain at Family Dinner.

Mr. and Mrs. Cleav Funk gave a family dinner this noon at their home on West 3rd street, for Mrs. Funk's brother, C. Edward Strum, Mrs. Strum and their sons, Charles, George and Robert, of Oklahoma City, and her sister, Mrs. Frank Flynn, Mr. Flynn and their small daughter, Dorothy, of Kansas City, who are spending the week here with relatives. Additional guests were Mr. and Mrs. N. Sturm, Miss Clara Sturm, Lou Grems and his daughter, Mayme Grems.

Miss Amy Clark Married.

An out-of -town wedding which was especially interesting to Maryville people was that of Miss Amy Clark, daughter of Mr. and Mrs. A. T. Clark of Clarinda, Ia., formerly of this city, and William Bertman Lindsey, Jr., only son of ex-Senator William Lindsey of South Carolina. The ceremony was solemnized Saturday, June 28, in Los Angeles, Cal., where a sister of the bride, Mrs. Merwin J. Monnette, resides. The bride was graduated from the Maryville High School in 1915. Mr. Lindsey and his bride left for a wedding trip which will include a visit in Clarinda with the bride's parents, after which they will be at home in Los Angeles.

Birthday Surprise.

Guy Sewell was pleasantly surprised Sunday when a number of relatives assembled about the noon hour at his home near Graham. Mrs. Sewell had planned the surprise to celebrate his forty-second birthday. Those present included Mr. and Mrs. Art Shull and sons, Lee and Glen, Mr. and Mrs. Don Groves, Mrs. Amanda Sewell, Mr. and Mrs. Joe Shull, Claude Sewell and children, Alice and Jay, Mr. and Mrs. Roy Twaddell and daughter, Lucy, Mr. and Mrs. Leane Shull and children, Naomi and Donald Deane, Arch Mast and children, Douglas and Lucile, Mr. and Mrs. Pete Imboden and children, Marie and Vern and Miss Bertha Mast.

Entertain at Picnic Dinner.

Mr. and Mrs. Howard Thompson entertained with a picnic dinner the Fourth on the White Cloud, in honor of Mrs. D. E. Thompson of Kansas City, who is visiting at the Thompson home. Those in the party were Mr. and Mrs. Charles Rice, Mrs. D. E. Thompson, Mr. and Mrs. W. E. Wright, Mr. and Mrs. I. J. Phipps, Mrs. George Meek, Dollie Thompson, Ruby Rice, Virginia Lee Thompson, Treva Phipps, Grace Dietz, Gerald Thompson, Clifford Rice, Elmer Thompson, Harris and Robert Phipps, Master Howard Thompson, Jr., Joe and John Phipps, and the host and hostess.

For Visiting Cousins.

Mayme Grems will entertain a number of her little friends this evening at the home of her grandparents, Mr. and Mrs. N. Sturm, in compliment to her cousins, Dorothy Flynn of Kansas City, Charles, George and Robert Sturm of Oklahoma City, and Master Billy Funk of this city. Various games will be played and a weiner and marshmallow roast will be another entertaining feature. The guests will be Katherine and Marie Chandler, Mary Jane Bellows, Winifred Baker, Alsamene King, Mary Curnutt, Laura Margaret Raines, Susie Dougherty, Stella Pettigrew, Arvella Campbell, Katherine Remus, Mrs. Deane Shull and children, Naomi Carlos Yehle, Donald Bellows, James Sherer, Joe Jackson, John Kurtz, Ralph Wilson Eversole and the honor guest.

Marriage Announcement.

Mr. and Mrs. William Helply announce the marriage of their daughter, Brownye, to Charles K. Knudson Monday, June 30. The ceremony took place in the afternoon at 3 o'clock in Bottoneau, N. Dak., the Rev. Father Andrieux officiating. The couple will live in Lansford, N. Dak., and will be at home after July 15. The bride was graduated from the Maryville high school and also attended the State Teachers College. She has been principal of the public schools in Bottineau the past year and the preceding year taught in Illinois. The groom is the son of Mr. and Mrs. Chas. Knudson of Bottineau, and is a ranchman.

Phares Dinner Guests.

Mr. and Mrs. Will Phares entertained at a dinner party Sunday evening for Mr. and Mrs. Robert Coulter of Fort Morgan, Colo. Covers were laid for the honor guests, Mr. and Mrs. Bainum and daughter, Miss Anna Bainum, and the host and hostess.

Surprise Bride and Groom.

A party of relatives and friends, numbering about fifty, surprised Mr. and Mrs. Viron E.Bird last night at the home of Mr. Bird's parents, Mr. and Mrs. Harry Bird in Parnell. Mrs. Bird was Miss Edna Busby of this city and she and Mr. Bird were married in St. Joseph last Thursday. Refreshments of ice cream and cake were served, and the honor guests were the recipients of a number of gifts.

Miss Orcutt on Trip.

Miss Alice Orcutt left this afternoon on a vacation trip to Chicago, Buffalo, New York City, and other points of interest in the East. Mrs. Arthur Fisher, who has been spending two weeks with her parents, Mr. and Mrs. Frank Orcutt, left yesterday for her home in Caney, Kans.

If it can be photographed, Carpenter can do it. 13.

Mr. and Mrs. S. L. Beech of Rock Port spent Saturday and Sunday here at the home of Mr. and Mrs. Rankin Lyle and Mr. and Mrs. Chas. Gaugh. They were accompanied home by their daughter, Elizabeth, who has been visiting at the Gaugh home, and Betty Jane and Marjory, who have been guests at the U. L. Willsin home near Barnard.

L. D. Hallowell of Casper, Wyo., who has been visiting his parents, Mr. and Mrs. Thomas C. Hallowell, left this morning for his home.

Dr. Fred Honnold of Chicago is spending the day here with his mother, Mrs. M. J. Honnold, and his sister, Mrs. George Bellows.

Merril Alderman returned last night from Waterloo, Ia., where he spent a few days with his brother, Harry Alderman.

Leslie Courtney of Kansas City is a guest at the home of Mrs. A. T. Stinson.

Mr. and Mrs. Ed Brown of Hopkins were here today.

Mrs. Jesse Robertson of Burlington Junction is spending the day here.

LONG AND SHORT OF IT REJECTED BY MARINE CORPS

Tulsa, Okla., July 8.—John Burke and Harry Brown, Tulsa youths and chums, tried to enlist in the Marine Corps. John was too short and Harry too tall, so the recruiting officer rejected them. John measured sixty-one inches tall, while the minimum requirement calls for sixty-four inches. Harry was seventy-seven inches tall, while the tallest man that can be enlisted must not exceed seventy-four inches.

JOKE WEDDING BECOMES SERIOUS—NOW IN COURT.

Muscoge, Okla., July 8.—A negro servant and his sweetheart called at the home of a justice here to be married. The judge was not at home, but the son of the judge said he would perform the ceremony. He used a novel for a Bible and a teacher's certificate for a marriage license. The couple went away happy.

A week later the joke turned when the bride had her supposed husband brought into court, charged with tricking her into a marriage.

Kenneth Strawn of St. Joseph spent Sunday with friends here.

Cecil Goforth of Bolckow was the guest Sunday of his brother, W. E. Goforth, and family.

Mrs. Mattie McMillen and her granddaughter, Katherine, left yesterday for Chicago to visit the latter's father, Ross McMillen. Later they will go to Sturgeon Bay, Wis., where they will spend the rest of the summer camping.

BATHES IN RED PAINT.

Sapulpa, Okla., July 8.—P. L. Rose, an engineer for a gasoline company here, became suddenly demented, terrorized his fellow employes at the power house for some time and then went out of the building and took a bath in red paint. He was taken in charge by county officers and later Sheriff Abe Bruce took him to the State hospital at Norman. He still showed evidence of his bath when he went to Norman.

Not a "Side Line"---but a Business

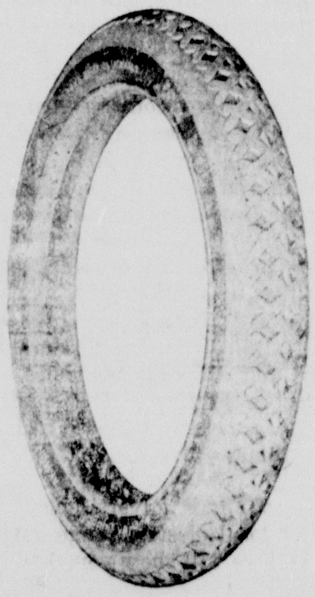
The tire business with us is not a side line—it is our sole and only business. We engaged in the tire business, believing that there was more to be learned about tires and consequently better service possible than could be given by a concern handling tires as a side line, and from the start the writer has devoted his entire time to the sale and repair of tires.

Gradually our business grew until it became necessary to have additional help, and at the present time the Kramer Tire Co., employs six men whose exclusive business is to care for and repair your tires.

From time to time we have added equipment, until, from an ordinary tire repair shop, our equipment has grown to the proportions of a factory, with machines, for not only patching and retreading tires, but actually rebuilding them.

When you bring your tire troubles to us we are prepared to take care of them immediately—our men are here for that purpose, and have no diversified duties to detain them. By repairing thousands of tires, of all makes, we have learned which were the best constructed to stand hard wear.

Why we are better able to Serve Your Tire Needs



This is the reason we sell Mohawk and Firestone cord and fabric tires. We did not select a tire for its outside appearance, on the strength of a salesman's talk nor for its guarantee—we selected the tires that actual-experience taught us were the best that fabric and rubber could build.

But even the best of tires will give poor service unless properly mounted. To know the condition of your rims and get your tires on without battering the beads of the tire, or springing and hammering your rims out of shape, is a part of our tire service.

We carry in stock all sizes of tires from 30x3 to 35x5. The line is the most complete in Northwest Missouri. We can sell you the best Firestone cord tire, or a repaired tire at a fraction of the cost of a new one, and every tire you buy of us, regardless of price, is guaranteed BY US to give you full return in mileage for the price you pay.

We also repair or rebuild your tires at very reasonable prices.

Kramer,
THE TIRE REPAIR MAN
at Sewell's Garage.

PRODUCE MARKET.

Fresh eggs, per dozen	32c
Butter fat, per pound	44c
Hides	20c
Hen market	23c
Ducks, per lb	15c
Geese, per pound	12c
Old roosters, per pound	12c

Kansas City Stock Yards, July 7.—Cattle, hog and sheep prices were higher today. This is the first time in a good many months past when all classes of meat animals took on higher prices at the same time. The advance is due to increasing demand for meat. Cattle were up 25 cents, hogs up 15 to 25 cents to a new high record position at $22.00, and sheep were a big quarter higher. All offerings cleared readily.

Today's receipts were light in all departments. The decrease is attributed to the rush of harvest sagging prices late in June, and the belief that the market has passed the low price level of the season. Cattle receipts today were 7,500, or 2,500 less than a week ago, 12,000 less than a year ago. Hog receipts were 11,000, or 4,000 less than a week ago, and 1,500 larger than a year ago. Sheep 4,000 or 10,000 les than a week ago, and 500 larger than a year ago.

There was an urgent call for beef cattle, and with receipts below expectations prices were a good quarter higher, extremes up 35 cents. Six car loads of Utah steers sold at $14.70, and native steers sold mostly at $11.50 to $14.75. Cows and heifers advanced as much as fat steers. Cows brought $7.00 to $11.50 and heifers $8 to $12.50. Yearling steers and steers and heifers mixed brought $10.50 to $14.25. The general position of the market is $1 higher than a week ago. This upturn in the market is the first general advance that has occurred in the past two months.

Trade in stockers and feeders was active at 15 to 25 cents higher prices. Small receipts limited demand to the more urgent orders. It is the general opinion that receipts of thin cattle will show a material increase in the next few weeks. Feeders are quoted at $9 to $13 and stockers $8.50 to $12.

Kansas City was the first Missouri River market to record a $22 price for hogs, and that was paid today by packers on a 15 to 25 ent higher market than last week. The bulk of the hogs brought $21.60 to $21.90. This is the period of the year when light receipts usually prevail, and prices are expected to remain hig. Choice 190 to 200 pound hogs are the kind bringing top prices, though the price spread is unusually small for this season of the year.

Light receipts lifted sheep and lamb prices 25 cents today. Trade was active. Lambs are quoted at $14.50 to $16.50, clipped weathers $8.50 to $9.50 and ewes $7 to $8.25. Light receipts keeps trading in thin lambs to small proportions.

KITCHEN

ELECTRIC COOKING IS ECONOMICAL COOKING.

You have often said to yourself: "I would like to have an electric range, but I am afraid it will make the electric bills run too high.

Did you ever figure out what your cooking fuel cost you per month? If you have not, why not do it right now—take the wood, coal or oil you use during the year and find out what the average is per month.

Now put it down where you will remember it, and in our next advertisement we will give you the amount of the electric bills of several users of electric ranges.

Electricity is the economical way of cooking—even if the first cost was a little more than other fuel—the saving in time, trouble, waste heat, fire danger, and uneven heat with consequent; poor results, will make it cheaper than other fuel.

With the price of an ordinary coal or wood range amounting up around $100, you will find the electric ranges very little if any higher, and when you have it installed you are through buying fuel, building fires and carrying out ashes. An electric range will last a lifetime. The small parts that might wear out, are easily replaced at less cost than repairs for ordinary stoves.

Watch for our next advertisement with list of electric bills of local electric range users—or come to the office and we will show you the bills and also the stoves.

Maryville Electric Light and Power Company

So Mad She Slaps Thief.

Springfield, Ill., July 8.—It made Mrs. Irene Littrell, cashier at a meat market here, so mad when Harry McCullom grabbed two bank books containing $200 in cash from her as she was leaving the store for a bank to deposit the money that she could not resist the temptation of chastening McCullom at the jail after he was caught in a runnnig battle with police. She walked right up to him and slapped him a resounding whack on the face. "There!" she said, "take that." McCullom was so astonished he couldn't ward off or resist the blow.

Kodak finishing is a business—not a side line with us. Carpenter. 13.

SHORT SKIRTS ARE BAD FOR BOTH MORALS AND HEALTH.

Aberdeen, Wash., July 8.—"Educate women to wear longer dresses," is the purpose of a resolution passed here by the Gray's Harbor W. C. T. U. in annual convention.

Present styles lower the standard of morals and are not conducive to health, is the attitude adopted by those in session.

Plans for the campaign of education were formulated and the workers are urging women to dress "more reasonably."

Saving North Dakota's Wheat.

There is a grasshopper outbreak in North Dakota. Left alone it would destroy the bumper wheat crop in the greatest of all spring wheat growing States. In the old days practically complete destruction in the half of the state infested would have been inevitable. Now entomological experts of the United States Department of Agriculture, who are working in cooperation with the state agricultural college, feel confident that the crop will be saved. The poisoned-bait method is being applied. The state is spending $200,000 in the purchase of poison material. In one county 123 endgate seeders are being used in broadcasting the poison. The campaign will be in many particulars a model of grasshopper control work, and the North Dakota Agricultural College is making motion pictures of it, which will be available for instruction purposes in other states whenever grasshopper outbreaks occur.

The Man Who Never Put a Roof on His House

because he said: "When it rains I can't work at it and when it's dry I don't need it,"

had the only really good reason for not building that could be used right now. The man who don't build because "lumber is high or "labor is high" has a poor reason, because if prices come down he will be making less money than he is now—but there is no reason for expecting them to come down.

The following editorial from the July Farm Journal gives the situation in very concise form, and emphasizes what we have been trying to tell you about the building situation:

"For more than two years building has been goin on only as absolutely needed, with very little attention being paid to up-keep and maintenance. In fact, both building and up-keep were discouraged. It was the patriotic thing to get along as well as possible with what we had. Appearances had to give way to thrift.

"Now things have changed. The tension is released. The building and repairs which have been put off should be delayed no longer. Putting money to work will not only make better business, but will help in the readjustment of labor conditions all over the country. Countless laborers are being released from the army every day. To absorb this supply of labor, industries of all kinds should speed up as much as possible.

"Why put off the construction of a new building or repair of an old one? There is no sign of lower prices. Waiting for low prices in high-price times is like waiting for rain in a desert country."

We are finding it harder and harder to get material that we order, and of this condition continues we may not be able to get some things as all within the next year. For that reason, anyone who really needs any building done should make plans to do it very soon, while they can get the lumber and before prices take another advance.

Our building helps, plans, specifications and estimates are at your disposal, and when you have time to come in we will be very glad to go over your problems with you and do everything possible to help you to solve them.

DAILY DEMOCRAT-FORUM

NEWS DISPATCHES FROM THE INTERNATIONAL NEWS SERVICE

VOLUME 10 — MARYVILLE, MISSOURI TUESDAY, JULY 8, 1919 — NO. 25

$2198.99 BALANCE IN REVENUE FUND

FIRST REPORT MADE OF FINANCES UNDER NEW GOVERNMENT

A BALANCE IN EVERY FUND

$1,665.88 in Water Department Fund and $752.10 in Street Fund—Report for the Quarter.

The receipts and expenditures of the first quarter of the City of Maryville under the commission form of government shows a total balance on hand July 2, of $2,198.99 in the general revenue fund. The expenditures during the quarter were $1,534.04. This is a good report and shows what can be accomplished under the new form of government. During the past two years or so under the old form of government, the general revenue fund of the city has been generally overdrawn every month.

The balance on hand in the street fund is $752.10. There was also a balance of $386.42 on hand in the library fund. There is $585.83 balance on hand in water bond sinking fund and $2,920.18 in the water bond interest fund. In the street lighting fund there was a balance of $1,350.25 on hand July 2.

The water department shows a balance of $1,665.88 on hand July 2. The receipts for the quarter were $5,089.47 and the expenditures were $3,423.59.

Following is the complete report of the receipts and expenditures for the quarter ending July 2::

"CHILDREN'S DAY" TO FEATURE COMING FAIR

Special Attractions for School Children Saturday, July 16.—Prizes Offered in Shorthorn Exhibit.

One of the features of the coming Maryville F[air] which is to be held in this city [Aug.] 11-16, will be the Children's [Day] will be held Saturday, th[e] the fair.

All of the s[chools] n below the Eighth grade w[ill] ttend the Fair, will gathe[r] court house square at 10 a. m. [on] e morning of the sixteenth, where they will be presented with free admission tickets to the grounds by County Superintendent of Schools Bert Cooper. They will then march in a body to the Fair where a large number of feature attractions will be offered them without cost.

Judge Haney, head of the Fair Association, announced this morning that the complete catalogue of the events which are to take place during the week will be ready for distribution by tomorrow morning.

One of the important phases of the Fair will be the live stock exhibits, and contests. The National Shorthorn Breeders Associationhas offered $25 for the best bull of this breed entered in the show, and also for the best cow and calf. The Fair Association has matched this with a similar amount, making the prize offered total $50. Other cattle and hog breeders associations are expected to make prize offers soon.

A carload of horses which will compete in the races at the Fair will arrive in Maryville tomorrow.

A BIG GRAY WOLF IS KILLED

Ora Petty Shoots Wolf Yesterday Evening While It Eats a Guinea.

Ora Petty, living near Arkoe, killed a large, full grown grey wolf yesterday evening. Mr. Petty was passing by a pasture on Henry Hiter's farm about dusk yesterday when he saw a wolf leap out from the shadows and catch a guinea and begin to feed upon it. He immediately went home and secured a shotgun and returned to the pasture where the wolf was still eating upon the guinea and shot it. This is the first wolf that has been killed in that vicinity for some time.

DOCTORS DEMAND SHORTER HOURS AND HIGHER FEES.

Evansville, Ind., July 8.—Higher fees and shorter hours are wanted by the doctors of Evansville. The Vanderburg County Medical Association has appointed a committee to revise the schedule of fees, with a provision for a working day of eight hours.

"LONG JOURNEY" IS TO JAIL.

Kansas City, Mo., —uly 8.—"Mister, you're going on a long, long journey, said Allie Rico, a fortune teller to Detective Harry Arthur.

"I want company, come with me to police headquarters," Arthur told Allie.

In police court Allie was fined $200 and costs. She was given a stay on condition she close up her establishment.

TAGS FOR SPEEDERS

El Dorado, Kan., July 8.—To carry a tag marked "violator's tag," is the penalty imposed upon automobile drivers and owners who violate city ordinances providing for the regulation of traffic on the city streets and who are convicted in the local courts.

Employed in Omaha.

George Lorance Tool, a son of Mr. and Mrs. George Tool of St. Joseph, former Maryville folks, has recently been employed as assistant superintendent of construction for the Brandeis Investment company of Omaha. Young Tool was a second lieutenant in the army and has recently been released from a two years' term of military service.

GREEK REINFORCEMENTS BEING RUSHED TO TURKEY.

Athens, July 8. Greek reinforcements are being rushed to Turkey today, following an attempt by the Turkish troops to occupy Aden, eighty miles southwest of Smyrna.

BELA KUN DEMANDS RETURN OF MONITORS.

Vienna, July 8.—Bela Kun, Hungarian Red dictator, demands that Sernis return the monitors which the counter revolutionaries took into Serbian waters when the counter uprisings at Budapest failed.

Miss Norabelle Birt and Gerald Clarke of Clarksdale, Mo., are guests of Miss Helen Blagg, southwest of Maryville.

COMMERCIAL CLUB HAS 200 MEMBERS

TWO CENTURY MARK REACHED AT MEETING LAST NIGHT

PICKENS IS THE LEADER

No Campaign or Drive Used to Raise Membership; Growth Due to Natural Interest.

The Maryville Commercial Club now has 200 members. The two century mark was reached last night at the regular directors meeting when four membership applications were received and favorably voted into the Club.

The high membership mark which the Commercial Club has reached has not been the result of any definite campaign or drive, but has been entirely due to the interest which the people of Maryville and community have come to take in their city and county. Secretary George A. Pickens has given untiring efforts to the building up of the local organization and through his policies of co-operation and union for the betterment of the community is largely responsible for the rapid growth which the Club has enjoyed.

The Commercial Club numbers among its membership not only a percentage of the business men of this city but also many farmers and workers in other lines. The organization has as its purpose the sponsering of all projects and plans for the betterment and advertisement of Nodaway county and the city of Maryville.

ROME IS QUIET AGAIN

Arrest Anarchists Who Plotted to Establish a reign of Terror Thru Use of Explosives.

Rome, July 8.—This city is quiet following the arrest of the anarchists who were plotting to sieze public supplies and establish a reign of terror among the population by the use of explosives. The police raided the meeting, making ten arrests.

HUN PREMIER RESTING UP.

Milan, July 8.—Philip Scheidemann, former premier of Germany, and leader of the German Socialists, has arrived at Brissago, Switzerland for a month's rest.

NORWAY WANTS SPITZBERGEN.

Paris, July 8.—The Norwegan government has laid a formal claim before the peace conference for the possession of Spitbbergen, it was learned today.

DENVER CAR STRIKE ON.

Denver, July 8.—All the street car traffic was tied up here this morning by the strike of the carmen who demand an increase in wages.

Colored Woman Dead.

Mrs. Loleda Cowens, colored, died at the home of her mother, Mrs. Clara Page, at noon today. Mrs. Cowens whose home is in Gallatin came here three months ago on a visit and shortly after her arrival became ill and has never been able to make the trip home.

Lieut. Eek Leaves

Lieut. L. M. Eek, who has been spending two weeks here at the home of Mrs. Eek's father, N. Sisson, left yesterday afternoon for Chicago. Mrs. Eek will join her husband in Chicago later.

To New York City.

Harvey L. Haines will leave Thursday for New York City, where he will spend a couple of weeks at the wholesale dry goods markets, purchasing new fall stock for the Haines store.

Returns to St. Joseph.

Miss Margaret Lee Winston, who has been employed at the Ashford millinery store, has returned to her home in St. Joseph.

Miss Beal to Colorado.

Miss Bertha Beal accompanied Mrs. J. F. Colby and her nephew, Joe Jackson, who left this morning for Manitou Colo., to spend two weeks.

Mr. and Mrs. F. L. Bradley and daughters, Mildred and Virginia of St. Joseph are spending the week with Mr. and Mrs. Charles Blagg, near Graham.

Miss Eva Farrar, after a few days' visit with her mother, Mrs. M. E. Farfar, returned yesterday to Omaha, where she has a position.

EXPERIMENTAL FIELDS AT S. T. C. BEST IN STATE

Prof. Helm of M. U., Makes Statement Following Investigation Here—Nodaway Soil Best, He Says.

The plots in the experiment fields at the State Teachers College are the best plots in any experiment field in the state. At least, that is what Prof. Helm of the Agricultural Experiment Station of the University of Missouri told Prof. L. E. Metzler, Head of the Department of Agriculture of the local college, when he was here investigating the progress of the local school in their agricultural work.

The University of Missouri maintains experiment stations at all the State Teachers Colleges, at the University, and on many private farms throughout the state and of them all the experimental plots at the local college were the best laid out, the best kept, and the most complete.

Prof. Helm when he was here made the remark that the wheat looked pretty good here, although the heads were not filled out very fully. He also stated that soil tests show the soil in Nodaway county to be about the best there is in old Mis[souri].

ADDITIONAL $1000 FOR CITY GOV'T

COUNTY CLERK'S OFFICE ESTIMATES MORE TAXES FOR CITY

HIGHER VALUATION CAUSE

A[ssessed] of Maryville $259,-
[Last] Year; All City
[Fun]ds to Profit by Raise.

The general revenue fund of the city will receive about $1,000 more in taxes to be collected this year on account of the increase in the assessed valuation on real and personal property. This is an estimate as figured out by the officials in the county clerk's office. The assessed valuation of Maryville, not including merchants and railroad valuations, is $2,134,277 as compared to $1,875,237 for last year—an increase of $259,040. The city taxes will be about $3,200 more for all of the different funds. The city tax levy is 12½ mills on the dollar. The railroad and merchants taxes will also make additional revenues for the city, but their assessments have not been completed yet.

The Maryville school district will receive about $4,000 more this year, due to the increase in the valuation on the real and personal property.

The valuation of this school district on real and personal property is $2,-260,165 as compared to $1,975,878, an crease of $284,287.

This district will also receive about $500 more from the railroads, due to their assessment being increased, making a total of $4,500.

PATTONSBURG WILL HAVE BIG AUTO RACES JULY 9.

Champion Dirt Track Racers and Ruth Law to Be on the Speed Program.

The Pattonsburg Fair Association has announced a big speed program for Wednesday, July 9, starting at 3 o'clock. The program will include time trials for state and world records on the track. There will be ten events staged during the afternoon. These will include a Clark-Brainerd special match auto race for a purse of $1,500; the Victory Sweepstakes for $2,500; a match race between George Clark, champion dirt track racer and Ruth Law, world's greatest aviatrix.

The auto racers who are entered in the races are George Clark, Rowe Brainerd, Dick Seip, Ted Le Cocq, Carl Jobe, Lou Scheibell, Eldy Stone, Don Dempster, Ralph Ruttenburr, and Spike Kelly.

Colorado Visitors Leave.

Mr. and Mrs. R. H. Coulter of Fort Morgan, Colo., have been visiting in Maryville since Thursday with Mr. and Mrs. E. H. Bainum and Mr. and Mrs. Harry Harrison. They are enroute home from a motor trip in Iowa and will leave tomorrow morning, accompanied by Mr. and Mrs. Harrison and daughter, Katherine, and Miss Eva Sprecher, who will motor as far as Nebraska City, Neb., with them. Mrs. Coulter was formerly Mrs. Angie Fishback milliner in Maryville for ten years

Mrs. A. F. Smith of Tulsa, Okla., is visiting at the home of her parents, Rev. and Mrs. W. F. Burris.

NODAWAY EXHIBIT WAS THE LARGEST

OF VITALIZED AGRICULTURE DISPLAYS AT THE N. E. A.

MANY ADOPT THE COURSE

Miss Hettie Anthony's Sewing Frame the Center of Much Praise by Domestic Science Experts Rural Teachers.

County Superintendent Bert Cooper returned this morning from the annual meeting of the National Educational Association which concluded its work July 4 at Milwaukee. Mr. Cooper stopped en route home to visit some relatives in Chicago over Sunday.

Superintendent Cooper states that the vitalized agriculture exhibit of Nodaway county was the largest county exhibit at the Milwaukee conventions and was the center of continued interest throughout the meeting. The Nodaway exhibit consisted of a collection of forty or fifty articles made in the various vitalized agriculture schools of the county. This collection was made up of articles of home carpentry, rope work, specimens of insects which infest the crops, seeds and examples of work completed in the sewing classes.

An automatic motion picture machine showed scenes taken from the vitalized agriculture schools of Missouri, displaying the many phases of the work. In these pictures the work done in the schools of our county made up the larger part of the display.

Before the Milwaukee convention four states had decided to institute vitalized agriculture courses in their schools, these states being Oklahoma, South Dakota, Texas and Arkansas. During the convention two other states fell into line with the other four, the two being Arizona and Kansas. Besides these states many county superintendents and rural teachers expressed their willingness to take up the work on their own iniative.

One of the features of the display of this department of study at the convention was the sewing frame, designed by Miss Hettie B. Anthony of the State Teachers College, which facilitates the class room demonstration in sewing by making it possible to instruct the entire class at one time instead of by individual example.

A short course in a teachers' training class in vitalized agriculture will be conducted by Prof. Holden at the State Teachers College here from July 28 to August 3. This work will cover an outline of the course from beginning to end, suggesting the improvements that have been made in the course recently and demonstrating the best methods for the working out of its various features.

The National Eduactional Association was in session from Monday, June 23 to Thursday July 4. The vitalized agricultural exhibit was on display from Saturday, June 28 to July 4. Nodaway county had, by far, the largest and most elaborate and complete exhibit of any county from any state in the agricultural department.

TREE MEMORIALS FOR WORLD WAR HEROES.

Omaha, Neb., July 8.—The most unique memorial grove in the United States is at Ft. Omaha, where the United States army has its balloon school. The trees, six thousand of them, were planted with proceeds from the "Gas Bag," the official publication of the school. The trees are being registered with the American Forestry Association of Washington, which is compiling a national honor roll of all memorial trees planted. The next of kin of those who died are marking the trees with the bronze markers designed by the association.

The school drew from all parts of the country and not only were trees planted, at the direction of Lieutenant-Colonel W.S. West, for those who died, but for those who are alive who passed through this camp and the one at Ft. Crook. There are 972 men on the list of dead, and it is these trees the next of kin are marking. Individuals are marking trees planted for the living.

STATE SENATE VOTES FOR CAPITAL PUNISHMENT

Jefferson City, July 8.—The senate today adopted the house amendment to the bill restoring capital punishment in Missouri and adjourned sine die.

ASK WILSON TO FURNISH COPY OF SECRET TREATY

Resolution Introduced in Senate by Senator Lodge—Alleged Secret Pact Between Germany and Japan.

Washington, July 8.—President Wilson was requested "if not incompatible with public interest" to furnish the senate with a copy of the alleged secret treaty between Germany and Japan, in resolution introduced in the senate by Senator Lodge.

WILSON ARRIVES BACK HOME TODAY

GIVEN A TUMULTOUS RECEPTION ON ARRIVAL IN NEW YORK

IS IN BEST OF HEALTH

President Obviously Touched by the Warm Welcome; City and Nation Honor First Citizen.

New York, July 8.—Fresh from his triumphant peace labors in Europe, President Wilson arrived home this afternoon. He was given a tumultous greeting and the city and nation joined in welcoming the country's first citizen. The president was obviously touched by the warm reception. Both the president and his wife are in the best of health.

New York, July 8.—Preceded by the Battleship Oklahoma, and convoyed by four destroyers, the transport George Washington is bringing the President home. It was reported eight miles east of the Ambrose lightship this morning.

The George Washington moved slowly up the lower bay toward quarantine, and was expected to reach there about 2 o'clock.

R-34 PREPAVING FOR RETURN TRIP TO BRITAIN

With Favorable Weather Monster Airship Will Leave Within Next Twelve Hours.

Mineola, July 8.—With favorable weather, the monster British dirigible R-34 will start on her homeward trip some time tonighth or early tomorrow morning.

Washington, July 8.—The navy department weather bureau this afternoon advised the commander of the British dirigible to delay his return for forty-eight hours on account of indications of head winds.

CONGRESS CONVENES TODAY AFTER A SIX DAY RECESS

Time Growing Short for Opponents to Wage Fight on League of Nations.

Washington, July 8.—Congress reconvened today after a six days' recess of both houses. With President Wilson scheduled to address the Senate Thursday, there remains but two days for the opponents of the League of Nations and of the pact to continue their verbal warfare which they have waged for the past two months.

R. P. Hosmer left Saturday for Chicago to join his wife and daughter, Margaret Louise, who have been visiting Mrs. Hosmer's sister, Mrs. Harold Bellows, and family. They expect to return to Maryville the latter part of the week.

Mr. and Mrs. W. W. Stiwalt and daughters, Annette and Audrey, returned last night from Waupaca, Wis., where they have been visiting relatives for several weeks.

Miss Doris Marie Goforth spent the week-end with friends in St. Joseph.

Mr. and Mrs. L. S. Hamilton returned yesterday from a week-end visit with relatives in Bedford, Ia.

REPORT BURLESON READY TO RESIGN

POASTMASTER GENERAL SAID TO HAVE PREPARED RESIGNATION

WONT CONFIRM OR DENY

Refuses to Grant Audience to Press Representatives; General Opinion That He Will Quit.

Washington, July 8.—Postmaster General Burleson refused today to either confirm or deny the report that his resignation would be placed in the hands of President Wilson when the latter arrives in Washington tonight. The Postmaster General himself denied press representatives an audience His refusal to deny the report led to the general belief in official circles here that his resignation has been prepared awaiting the President's return.

Burleson has been under incessant fire ever since the wire communication system of the country was taken over by the government and placed in the hands of the postoffice department.

The doorkeeper who acted as a "liason" officer between Burleson and callers stated that Burleson said there was no truth in the newspaper reports of his resignation.

REDS ATTACK A TROOP TRIAN

Several Killed at Hanover When Bolsheviks Battle With Home Coming Troops.

Amsterdam, July 8.—A few persons were killed and some wounded when the Reds attacked arriving government troop trains at Hanover, said a dispatch from that city. Fighting continued at the last reports. Several prisoners were released.

NEEDS PICTURES OF MISSOURI

State Board of Agriculture Will Use Photographs for Advertising.

Jefferson City, July 8—Jewell Mayes secretary of the Missouri State Board of Agriculture, is asking Missourians for photographs of all the better wheat fields, corn fields, blue grass pastures, meadows, orchards, and every beauty spot that will show the resources of the state.

The agricultural secretary also appeals to all owners of live stock, calling attention to the advantage in a financial way resultant from the photographing of all the better types of farm animals.

Missourians can bring millions of dollars' worth of benefit to the state by showing pictures, by letters, by interviews and by publication in weekly papers, dailies, farm and market papers, and through magazine articles the true story of the unsold worth and [unsur]passed advantages of Missouri, "The Center State."

Secretary Mayes appeals to all county agents, secretaries of commercial clubs, and chambers of commerce, officers of farm clubs and other agricultural organizations, college and school workers, real estate agents, bank officials and all others interested in a better known Missouri for the fostering of a local and state-wide picture taking campaign during these summer days, and for the advantageous use of such photographs for the common good of Missouri, "The Land of Opportunity."

Chicago Visitors.

Mr. and Mrs. James Baird and children, Enid Maurine and James Claude, Jr., of Chicago, arrived yesterday to visit Mrs. Baird's parents, Mr. and Mrs. Lincoln Bent, and her sister, Mrs. A. J. Caufffield.

AERIAL MAIL SERVICE EXTENSION PROPOSED.

Cleveland-Chicago Service Successful —Non-Stop Possible.

Washington, D. C.—Airplane mail service between Cleveland and Chicago has proved so successful that its extension to St. Louis and Omaha in the fall is now planned. This would reduce correspondence time between the Atlantic and Pacific coasts from sixteen to twenty-four hours.

The service between Cleveland and Chicago has proved highly successful. Reports show that 58 consecutive trips of 325 miles each between Cleveland and Chicago have been made without engine trouble or forced landings. Some of them were in weather which a short while ago would have been regarded as prohibitive. Daily, each way, the ships carried 400 pounds of letter mail, or about 16,000 letters.

Even in bad weather, the planes, equipped with Liberty motors, maintained an average speed of 98.5 miles an hour.

The Cleveland-Chicago service has been the means of relieving railway mail congestion, as one distributing car each day has been cut from that division, at a saving of $25,000.

Delivery "on the Fly."

Experiments are now being conducted looking toward the delivery and taking on of mailbags while the planes are in flight. Not many years ago, it was regarded as a remarkable feat for a fast train to take on a mailbag without stopping or slowing down. But it is now possible for lightly loaded airplanes to come close to earth and snatch mailbags from especially constructed apparatus. But this will not be attempted with the large multi-motored ships for which the postal department will shortly ask bids. But a scheme is proposed for dropping mailbags and possibly taking them on from the roofs of tall buildings. If this proves practicable, it will be possible to have non-stop runs on such routes as that from Washington to New York, serving both Baltimore and Philadelphia.

Another important development is the construction of fireproof walls between the mail compartment and the engine and gas tank. This has practically eliminated danger of destruction of the mail by fire.

Here It is!

New York, July 8.—It's here!

With only a little more than a week of drought New York has found a way to beat the colas, the ades and the buttermilk.

It's the gasoline jag, or the benzine bun. And you can get four hundred of 'em—count 'em—for the price of one drink of redeye.

The great discovery has been made down in Greenwich Village, where the long-haired men and the short-haired women congregate, where free love is freest, and where 'ologies and 'isms lurk in every corner waiting to pounce upon the timid visitor.

The formula is: Twenty drops of benzine in a capsule. Swallow the pelle and wait for the wallop. It takes usually about twenty or thirty minutes. At the end of that time, if you haven't killed your grandmother, bitten the baby and kissed the cat, and if you're still not under arrest, take another. Then you will.

Doctors declare that the benzine is not harmful in small quantities, and produces the jaggeu effect by stimulating the action of the heart.

Ralph Yehle went to Big Lake today to join his parents, Mr. and Mrs. Conrad Yehle, and brothers, Carlos and Cleo, who have been spending a week there.

A marriage license has been issued in St. Joseph to Florence C. Porter of this city and Miss Hazella M. Florea of Hopkins.

HAS THANKSGIVING EVERY DAY.

"Two years ago, after suffering many years with stomach trouble, I took a course of Mayr's Wonderful Remedy and haven't been sick a day since. I can eat anything I want and have no pain at all. Three doctors had advised operation, but your remedy has cured me. Every day is thanksgiving for me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

CLEVELAND STRIKE ENDS.

Cleveland, July 8.—The second street car strike within seven months came to an end this morning, the motormen and conductors winning their demands for an hourly increase of twelve cents.

Rooster Acts as Prophet.

Chillicothe.—L. A. Martin, a farmer near here, has a rooster that is worth considerable as a prophet. Early in the spring the rooster tried to "sit" on a certain piece of corn land and, according to Martin, this was a sign there would be three floods. Martin refused to plant his corn at the usual time.

Sure enough, three floods came, and after they had passed Martin planted his corn. The other farmers, who planted at the regular time, lost their crops.

Mrs. Brewer Hostess.

Mrs. Arthur A. Brewer was hostess yesterday afternoon to the Monday Afternoon Bridge Club. The favor for high score was awarded to Miss Lenore Schumacher. Mrs. W. A. Riekenbrode Mrs. T. L. Wadley, Miss Della Grems and Misses Lenore and Rose Schumacher were guests of the club.

Miss Fisher Weds.

Miss Cecle Inez Fisher, daughter of Mr. and Mrs. O. P. Fisher of this city, and Clarence H. Gore were married Saturday in St. Joseph. Mr. Gore is a traveling salesman with headquarters in St. Joseph, and the couple will reside in that city.

Entertain at Family Dinner.

Mr. and Mrs. Cleav Funk gave a family dinner this noon at their home on West 3rd street, for Mrs. Funk's brother, C. Edward Strum, Mrs. Strum and their sons, Charles, George and Robert, of Oklahoma City, and her sister, Mrs. Frank Flynn, Mr. Flynn and their small daughter, Dorothy, of Kansas City, who are spending the week here with relatives. Additional guests were Mr. and Mrs. N. Sturm, Miss Clara Sturm, Lou Grems and his daughter, Mayme Grems.

Miss Amy Clark Married.

An out-of -town wedding which was especially interesting to Maryville peo ple was that of Miss Amy Clark, daughter of Mr. and Mrs. A. T. Clark of Clarinda, Ia., formerly of this city, and William Bertman Lindsey, Jr., only son of ex-Senator William Lindsey of South Carolina. The ceremony was solemnized Saturday, June 28, in Los Angeles, Cal., where a sister of the bride, Mrs. Merwin J. Monnette, resides. The bride was graduated from the Maryville High School in 1915. Mr. Lindsey and his bride left for a wedding trip which will include a visit in Clarinda with the bride's parents, after which they will be at home in Los Angeles.

Birthday Surprise.

Guy Sewell was pleasantly surprised Sunday when a number of relatives assembled about the noon hour at his home near Graham. Mrs. Sewell had planned the surprise to celebrate his forty-second birthday. Those present included Mr. and Mrs. Art Shull and sons, Lee and Glen, Mr. and Mrs. Don Groves, Mrs. Amanda Sewell, Mr. and Mrs. Joe Shull, Claude Sewell and children, Alice and Jay, Mr. and Mrs. Roy Twaddell and daughter, Lucy, Mr. and Mrs. Leane Shull and children, Naomi and Donald Deane, Arch Mast and children, Douglas and Lucile, Mr. and Mrs. Pete Imboden and children, Marie and Vern and Miss Bertha Mast.

Entertain at Picnic Dinner.

Mr. and Mrs. Howard Thompson entertained with a picnic dinner the Fourth on the White Cloud, in honor of Mrs. D. E. Thompson of Kansas City, who is visiting at the Thompson home. Those in the party were Mr. and Mrs. Charles Rice, Mrs. D. E. Thompson, Mr. and Mrs. W. E. Wright, Mr. and Mrs. I. J. Phipps, Mrs. George Meek, Dollie Thompson, Ruby Rice, Virginia Lee Thompson, Treva Phipps, Grace Dietz, Gerald Thompson, Clifford Rice, Elmer Thompson, Harris and Robert Phipps, Master Howard Thompson, Jr., Joe and John Phipps, and the host and hostess.

For Visiting Cousins.

Mayme Grems will entertain a number of her little friends this evening at the home of her grandparents, Mr. and Mrs. N. Sturm, in compliment to her cousins, Dorothy Flynn of Kansas City, Charles, George and Robert Sturm of Oklahoma City, and Master Billy Funk of this city. Various games will be played and a weiner and marshmallow roast will be another entertaining feature. The guests will be Katherine and Marie Chandler, Mary Jane Bellows, Winifred Baker, Alsamene King, Mary Curnutt, Laura Margaret Raines, Susie Dougherty, Stella Pettigrew, Arvella Campbell, Katherine Remus, Mrs. Denne Shull and children, Naomi Carlos Yehle, Donald Bellows, James Sherer, Joe Jackson, John Kurtz, Ralph Wilson Eversole and the honor guest.

Marriage Announcement.

Mr. and Mrs. William Helply announce the marriage of their daughter, Brownye, to Charles K. Knudson Monday, June 30. The ceremony took place in the afternoon at 3 o'clock in Bottoneau, N. Dak., the Rev. Father Andrieux officiating. The couple will live in Lansford, N. Dak., and will be at home after July 15. The bride was graduated from the Maryville high school and also attended the State Teachers College. She has been principal of the public schools in Bottineau the past year and the preceding year taught in Illinois. The groom is the son of Mr. and Mrs. Chas. Knudson of Bottineau, and is a ranchman.

Phares Dinner Guests.

Mr. and Mrs. Will Phares entertained at a dinner party Sunday evening for Mr. and Mrs. Robert Coulter of Fort Morgan, Colo. Covers were laid for the honor guests, Mr. and Mrs. Bainum and daughter, Miss Anna Bainum, and the host and hostess.

Surprise Bride and Groom.

A party of relatives and friends, numbering about fifty, surprised Mr. and Mrs. Viron E.Bird last night at the home of Mr. Bird's parents, Mr. and Mrs. Harry Bird in Parnell. Mrs. Bird was Miss Edna Busby of this city and she and Mr. Bird were married in St. Joseph last Thursday. Refreshments of ice cream and cake were served. and the honor guests were the recipients of a number of gifts.

Miss Orcutt on Trip.

Miss Alice Orcutt left this afternoon on a vacation trip to Chicago, Buffalo, New York City, and other points of interest in the East. Mrs. Arthur Fisher, who has been spending two weeks with her parents, Mr. and Mrs. Frank Orcutt, left yesterday for her home in Caney, Kans.

If it can be photographed. Carpenter can do it. 13.

Mr. and Mrs. S. L. Beech of Rock Fort spent Saturday and Sunday here at the home of Mr. and Mrs. Rankin Lyle and Mr. and Mrs. Chas. Gaugh. They were accompanied home by their daughter, Elizabeth, who has been visiting at the Gaugh home, and Betty Jane and Marjory, who have been guests at the U. L. Willsin home near Barnard.

L. D. Hallowell of Casper, Wyo., who has been visiting his parents, Mr. and Mrs. Thomas C. Hallowell, left this morning for his home.

Dr. Fred Honnold of Chicago is spending the day here with his mother, Mrs. M. J. Honnold, and his sister, Mrs. George Bellows.

Merril Alderman returned last night from Waterloo, Ia., where he spent a few days with his brother, Harry Alderman.

Leslie Courtney of Kansas City is a guest at the home of Mrs. A. T. Stinson.

Mr. and Mrs. Ed Brown of Hopkins were here today.

Mrs. Jesse Robertson of Burlington Junction is spending the day here.

LONG AND SHORT OF IT REJECTED BY MARINE CORPS

Tulsa, Okla., July 8.—John Burke and Harry Brown, Tulsa youths and chums, tried to enlist in the Marine Corps. John was too short and Harry too tall, so the recruiting officer rejected them. John measured sixty-one inches tall, while the minimum requirement calls for sixty-four inches. Harry was seventy-seven inches tall, while the tallest man that can be enlisted must not exceed seventy-four inches.

JOKE WEDDING BECOMES SERIOUS—NOW IN COURT.

Muscoge, Okla., July 8.—A negro servant and his sweetheart called at the home of a justice here to be married. The judge was not at home, but the son of the judge said he would perform the ceremony. He used a novel for a Bible and a teacher's certificate for a marriage license. The couple went away happy.

A week later the joke turned when the bride had her supposed husband brought into court, charged with tricking her into a marriage.

Kenneth Strawn of St. Joseph spent Sunday with friends here.

Cecil Goforth of Bolckow was the guest Sunday of his brother, W. E. Goforth, and family.

Mrs. Mattie McMillen and her granddaughter, Katherine, left yesterday for Chicago to visit the latter's father, Ross McMillen. Later they will go to Sturgeon Bay, Wis., where they will spend the rest of the summer camping.

BATHES IN RED PAINT.

Sapulpa, Okla., July 8.—P. L. Rose, an engineer for a gasoline company here, became suddenly demented, terrorized his fellow employes at the power house for some time and then went out of the building and took a bath in red paint. He was taken in charge by county officers and later Sheriff Abe Bruce took him to the State hospital at Norman. He still showed evidence of his bath when he went to Norman.

Not a "Side Line"---but a Business

The tire business with us is not a side line—it is our sole and only business. We engaged in the tire business, believing that there was more to be learned about tires and consequently better service possible than could be given by a concern handling tires as a side line, and from the start the writer has devoted his entire time to the sale and repair of tires.

Gradually our business grew until it became necessary to have additional help, and at the present time the Kramer Tire Co., employs six men whose exclusive business is to care for and repair your tires.

From time to time we have added equipment, until, from an ordinary tire repair shop, our equipment has grown to the proportions of a factory, with machines, for not only patching and retreading tires, but actually rebuilding them.

When you bring your tire troubles to us we are prepared to take care of them immediately—our men are here for that purpose, and have no diversified duties to detain them. By repairing thousands of tires, of all makes, we have learned which were the best constructed to stand hard wear.

Why we are better able to Serve Your Tire Needs

This is the reason we sell Mohawk and Firestone cord and fabric tires. We did not select a tire for its outside appearance, on the strength of a salesman's talk nor for its guarantee—we selected the tires that actual experience taught us were the best that fabric and rubber could build.

But even the best of tires will give poor service unless properly mounted. To know the condition of your rims and get your tires on without battering the beads of the tire, or springing and hammering your rims out of shape, is a part of our tire service.

We carry in stock all sizes of tires from 30x3 to 35x5. The line is the most complete in Northwest Missouri. We can sell you the best Firestone cord tire, or a repaired tire at a fraction of the cost of a new one, and every tire you buy of us, regardless of price, is guaranteed BY US to give you full return in mileage for the price you pay.

We also repair or rebuild your tires at very reasonable prices.

Kramer,
THE TIRE REPAIR MAN
at Sewell's Garage.

PRODUCE MARKET.

Fresh eggs, per dozen	32c
Butter fat, per pound	44c
Hides	20c
Hen market	23c
Ducks, per lb	15c
Geese, per pound	12c
Old roosters, per pound	12c

Kansas City Stock Yards, July 7.—Cattle, hog and sheep prices were higher today. This is the first time in a good many months past when all classes of meat animals took on higher prices at the same time. The advance is due to increasing demand for meat. Cattle were up 25 cents, hogs up 15 to 25 cents to a new high record position at $22.00, and sheep were a big quarter higher. All offerings cleared readily.

Today's receipts were light in all departments. The decrease is attributed to the rush of harvest sagging prices late in June, and the belief that the market has passed the low price level of the season. Cattle receipts today were 7,500, or 2,500 less than a week ago, 12,000 less than a year ago. Hog receipts were 11,000, or 4,000 less than a week ago, and 1,500 larger than a year ago. Sheep 4,000 or 10,000 les than a week ago, and 500 larger than a year ago.

There was an urgent call for beef cattle, and with receipts below expectations prices were a good quarter higher, extremes up 35 cents. Six car loads of Utah steers sold at $14.70, and native steers sold mostly at $11.50 to $14.75. Cows and heifers advanced as much as fat steers. Cows brought $7.00 to $11.50 and heifers $8 to $12.50. Yearling steers and steers and heifers mixed brought $10.50 to $14.25. The general position of the market is $1 higher than a week ago. This upturn in the market is the first general advance that has occurred in the past two months.

Trade in stockers and feeders was active at 15 to 25 cents higher prices. Small receipts limited demand to the more urgent orders. It is the general opinion that receipts of thin cattle will show a material increase in the next few weeks. Feeders are quoted at $9 to $13 and stockers $8.50 to $12.

Kansas City was the first Missouri River market to record a $22 price for hogs, and that was paid today by packers on a 15 to 25 cent higher market than last week. The bulk of the hogs brought $21.60 to $21.90. This is the period of the year when light receipts usually prevail, and prices are expected to remain hig. Choice 190 to 200 pound hogs are the kind bringing top prices, though the price spread is unusually small for this season of the year.

Light receipts lifted sheep and lamb prices 25 cents today. Trade was active. Lambs are quoted at $14.50 to $16.50, clipped weathers $8.50 to $9.50 and ewes $7 to $8.25. Light receipts keeps trading in thin lambs to small proportions.

So Mad She Slaps Thief.

Springfield, Ill., July 8.—It made Mrs. Irene Littrell, cashier at a meat market here, so mad when Harry McCullom grabbed two bank books containing $200 in cash from her as she was leaving the store for a bank to deposit the money that she could not resist the temptation of chastening McCullom at the jail after he was caught in a runnnig battle with police. She walked right up to him and slapped him a resounding whack on the face. "There!" she said, "take that." McCullom was so astonished he couldn't ward off or resist the blow.

Kodak finishing is a business—not a side line with us. Carpenter. 13.

SHORT SKIRTS ARE BAD FOR BOTH MORALS AND HEALTH.

Aberdeen, Wash., July 8.—"Educate women to wear longer dresses," is the purpose of a resolution passed here by the Gray's Harbor W. C. T. U. in annual convention.

Present styles lower the standard of morals and are not conducive to health, is the attitude adopted by those in session.

Plans for the campaign of education were formulated and the workers are urging women to dress "more reasonably."

Saving North Dakota's Wheat.

There is a grasshopper outbreak in North Dakota. Left alone it would destroy the bumper wheat crop in the greatest of all spring wheat growing States. In the old days practically complete destruction in the half of the state infested would have been inevitable. Now entomological experts of the United States Department of Agriculture, who are working in cooperation with the state agricultural college, feel confident that the crop will be saved. The poisoned-bait method is being applied. The state is spending $200,000 in the purchase of poison material. In one county 123 endgate seeders are being used in broadcasting the poison. The campaign will be in many particulars a model of grasshopper control work, and the North Dakota Agricultural College is making motion pictures of it, which will be available for instruction purposes in other states whenever grasshopper outbreaks occur.

KITCHEN

ELECTRIC COOKING IS ECONOMICAL COOKING.

You have often said to yourself: "I would like to have an electric range, but I am afraid it will make the electric bills run too high.

Did you ever figure out what your cooking fuel cost you per month? If you have not, why not do it right now—take the wood, coal or oil you use during the year and find out what the average is per month.

Now put it down where you will remember it, and in our next advertisement we will give you the amount of the electric bills of several users of electric ranges.

Electricity is the economical way of cooking—even if the first cost was a little more than other fuel—the saving in time, trouble, waste heat, fire danger, and uneven heat with consequent; poor results, will make it cheaper than other fuel.

With the price of an ordinary coal or wood range amounting up around $100, you will find the electric ranges very little if any higher, and when you have it installed you are through buying fuel, building fires and carrying out ashes. An electric range will last a lifetime. The small parts that might wear out, are easily replaced at less cost than repairs for ordinary stoves.

Watch for our next advertisement with list of electric bills of local electric range users—or come to the office and we will show you the bills and also the stoves.

Maryville Electric Light and Power Company
Empire Theatre Bldg.

The Man Who Never Put a Roof on His House

because he said: "When it rains I can't work at it and when it's dry I don't need it,"

had the only really good reason for not building that could be used right now. The man who don't build because "lumber is high or "labor is high" has a poor reason, because if prices come down he will be making less money than he is now—but there is no reason for expecting them to come down.

The following editorial from the July Farm Journal gives the situation in very concise form, and emphasizes what we have been trying to tell you about the building situation:

"For more than two years building has been goin on only as absolutely needed, with very little attention being paid to up-keep and maintenance. In fact, both building and up-keep were discouraged. It was the patriotic thing to get along as well as possible with what we had. Appearances had to give way to thrift.

"Now things have changed. The tension is released. The building and repairs which have been put off should be delayed no longer. Putting money to work will not only make better business, but will help in the readjustment of labor conditions all over the country. Countless laborers are being released from the army every day. To absorb this supply of labor, industries of all kinds should speed up as much as possible.

"Why put off the construction of a new building or repair of an old one? There is no sign of lower prices. Waiting for low prices in high-price times is like waiting for rain in a desert country."

We are finding it harder and harder to get material that we order, and of this condition continues we may not be able to get some things as all within the next year. For that reason, anyone who really needs any building done should make plans to do it very soon, while they can get the lumber and before prices take another advance.

Our building helps, plans, specifications and estimates are at your disposal, and when you have time to come in we will be very glad to go over your problems with you and do everything possible to help you to solve them.
